ived from SFCoL.:-

the 12th. May 1968 an Extraordinary meeting of the SF Club of London was held. At this, the membership agreed to discontinue the Club in its present form. It was decided that in future meetings would be held annually and that the only office-bearer appointed should be an Official Recorder. Keith Otter was then appointed Recorder."

to know that the way is left open for this club to return to its former status (at some future date).
